

## ULC Listed Flammable Liquid Safety Cabinets (Insulated)

### FEATURES

Designed & labeled by the Underwriters Laboratories of Canada C1275

Quality constructed from 18 gauge steel

Double wall welded construction

2" between the inner and outer walls filled with a fire proof insulating material

Door sill raised 2" above the bottom of the cabinet to form a liquid-tight well

Three point lock on door

Adjustable satin coat galvanized shelves permit storing of various size containers

Four adjustable levelling feet

2" threaded vents, one on each side, allow for ventilation

Fire baffle covers each vent

Painted with safety yellow enamel, with red bi-lingual letters, warning: "FLAMMABLE-KEEP FIRE AWAY"

Each cabinet individually cartoned

All cabinets – double door style, extra shelves available – slight additional charge

The WB Safety Storage Cabinets will offer safer storing for flammable liquids, reduce time-consuming trips to remote storage rooms

and permit storage close to work areas

For maximum safety, fill the cabinet with approved WB Safety Cans (pg# 57)

Designed and labeled by the Underwriters Laboratories of Canada as meeting the requirements of the National Fire Code of Canada 1980 part 4 Flammable and Combustible Liquids performance clause 4.2.10.4.
